HIPAA Privacy permits the release of Protected Health Information (PHI) for the purpose of evaluating and accepting risk associated with the Plan Sponsor as a part of "health care operations". Skyward Accident & Health shall use the information provided solely for the purpose of evaluating the acceptability of this risk and shall not disclose any PHI collected except in performing this risk evaluation.

Skyward Accident & Health will rely upon the information provided on the attached disclosure form, which will become part of the Application for stop loss coverage. The purpose of the form is to allow the Company to take underwriting action on all known risks in the categories listed below. It is the Plan Sponsor's responsibility, either directly or through their designated representative, to accurately report all claims known as of the date of this disclosure by making a thorough review of all applicable records. In exchange, Skyward Accident & Health will accept the liability for any truly unknown risks.

Skyward Accident & Health reserves the right to rescind the proposal in its entirety based upon a review of all information submitted during the proposal process.
